Dear members of the Commission,

I am writing to express my desire for you to oppose the monthly service charge and any other cost increases requested by APS.

As a small business owner this could be very harmful to my business. The possible repercussions of an increase in my utilities could range from restricting expansion of my business to not being able to afford operating my business. This can also have a rippling effect including the loss of jobs from those in our community that so desperately need them.

I strongly urge you to take a stand against the APS request. Please take a stand against the detrimental economic effect an increase in unfair charges will have on small businesses who receive services from APS. As you know, small businesses are vital to the economy throughout the APS region.

Your Deeply Concerned Business Owner,
